

Heritage Academy: Affirmation of Intent Form

Please read the document titled “Guidelines for Participation in Commencement Exercises” before completing this form.

As your student enters his or her senior year, it is important for us to receive confirmation from you regarding your expectations for your student’s participation in commencement exercises and his or her achievement of a Heritage Academy diploma.

Participation in Commencement Exercises

Please check one of the boxes below.

Please note that by affirming that your student will participate in Commencement Exercises, you will authorize the school to post a non-refundable \$50 graduation fee to your family’s account.

- My student **will** participate in Commencement Exercises with Heritage Academy
- My student **will not** participate in Commencement Exercises with Heritage Academy

Status of Participant

Understanding the requirements that our student must fulfill in order to achieve a diploma (as stated in the school catalog and the Review of High School Credits document provided for my student), we are currently expecting for our student to participate in Commencement Exercises as...

- a “Graduating Senior” who will have fulfilled requirements for a Heritage Academy Diploma;
- an “Attending Senior” who will receive a Certificate of Recognition rather than a High School Diploma from Heritage Academy.
- not relevant since our student will not be participating in Commencement Exercises.
